

- Compact and powerful oil-free piston compressor
- Extends the line of machines tailor-made for fibre-optic cable blowing (FTTX) – ideal for blowing fibres
- Integrated aftercooler ensures the fibres are blown with dry air
- A low-speed electric motor equipped with depressurised startup
- Low noise level suitable for indoor use
- Longer lifetime than conventional machines
- Fully CE compliant

### Special features

- Integrated aftercooler with independent cooling
- Integrated condensate drain
- Outlet pressure reduction valve
- Electric motor current protection
- Compressor thermal protection
- Safety quick coupling at air outlet
- Telescopic handle with lock

### Technical parameters

Model	Atmos	PE30E
Intake capacity	[l/min]	330
Free air delivery	[l/min]	140
Discharge overpressure	[bar]	10
Number of pistons		2
Operating ambient temperature (max/min)	[°C]	45/5
Cooling system		Air
Noise level	dB (LW <sub>a</sub> )	67
Compressed air outlet	["]	1/4"
Voltage		230V/50Hz
Speed at full load	[rpm]	1430
Nominal power	[kW]	1.8

### Dimensions and weight

Length	[mm]	600
Width	[mm]	450
Height	[mm]	450
Operating weight	[kg]	45

enough air for everyone
